

LIVER CHANNEL OF FOOT JUE YIN

Name	Association/Precautions	Location/Needling Method	Functions & Actions	Indications/Notes
LV-1* Da Dun 大敦 Large Pile	Jing Well Point Wood Point Moxibustion Applicable	- Lateral side of the terminal phalanx of the great toe 0.1 cun from corner of the nail Needling Method: - Subcutaneous 0.1-0.2 inch	- Regulates Qi in the lower jiao, - Treats shan disorder - Alleviates pain - Benefits the genitals and adjusts urination - Regulates Liver Qi and stops menstrual bleeding - Revives consciousness and calms the spirit	- Hernia, enuresis, uterine bleeding, prolapse of the uterus, epilepsy - Jing Well Point - loss of consciousness, moves Qi in the genital area. - Shan Disorder - swollen genitals. - Lin Disorders.(Five types--a condition characterized by frequent, incontinent urinary discharge with pain, spasm of the lower abdomen, and umbilical pain. - Uterine/Menstrual bleeding from excess or deficiency. - Emotional manifestations of LV Qi Stagnation - inappropriate emotions, depression, lethargy
LV-2* Xing Jian 行間 Moving Between	Ying Spring Point Fire Point Moxibustion Applicable	- On the dorsum of the foot - Between the 1st and 2nd toe - Proximal to margin of the web - At the junction of the red and white skin Needling Method: - Oblique 0.3-0.5 inch	- Clears Liver fire - Spreads Liver Qi - Pacifies Liver wind - Clears heat and stops bleeding - Benefits the lower jiao	- Pain in the hypochondrium, abdominal distension, headache, dizziness and vertigo, congestion, swelling and pain of the eye, deviation of the mouth, hernia, painful urination, retention of urine, irregular menstruation, epilepsy, insomnia, convulsion - Generally, clears LV Fire - extreme irritability, red face/eyes/tongue. - Clears Heat from the Lower Jiao - burning urination. - Useful for "true heat, false cold" - lack of Qi flow to the extremities (cold hands/feet)
LV-3** Tai Chong 太冲 Great Surge	Shu Stream Point Earth Point Yuan Source Point Moxibustion Applicable	- On the dorsum of the foot, in the depression distal to the junction of the first and second metatarsal bones Needling Method: - Perpendicular 0.3-0.5 inch	- Spreads Liver Qi - Subdues Liver yang and extinguishes wind - Nourishes Liver blood & Liver yin - Clears the head and eyes - Regulates menstruation - Regulates the lower jiao	- Headache, dizziness and vertigo, insomnia, congestion, swelling and pain of the eye, depression, infantile convulsion, deviation of the mouth, pain in the hypochondriac region, uterine bleeding, hernia, enuresis, retention of urine, epilepsy, pain in the anterior aspect of the medial malleolus - Generally, resolves stagnation and tonifies Yin - balancing for all LV pathologies. - LV Qi Stagnation / LV Yang Rising - headaches, dizziness, canker sores. - Eye issues - blurred vision, red, swollen, painful eyes. - Menstrual issues from Deficient Blood, Yin, Qi a/or LV Qi Stagnation - dysmennorrhoea, amenorrhoea, PMS, breast tenderness. - Genital issues - pain/swelling, hernia, impotence, seminal emission. - Stagnation in the middle warmer - subcostal tension, chest/flank pain, swellings in the axillary region. - Digestive issues from LV attacking ST/SP - nausea, vomiting, constipation, diarrhea w/ undigested food. - Calming point - anger, irritability, insomnia, anxiety. - With LI 4, four gates treatment - powerfully effects the flow of Qi and Blood in the body

LIVER CHANNEL OF FOOT JUE YIN				
Name	Association/Precautions	Location/Needling Method	Functions & Actions	Indications/Notes
LV-4 Zhong Feng 中封 Mound Center	Jing River Point Metal Point Moxibustion Applicable	- Anterior to medial malleolus - Midway btwn SP-5 and ST-41 - In depression on medial side of the tendon of m. tibialis anterior Needling Method: - Perpendicular 0.3-0.5 inch	- Spreads Liver Qi and regulates the lower jiao - Clears Liver channel stagnant heat	- Hernia, pain in the external genitalia, nocturnal emission, retention of urine, distending pain in the hypochondrium - Generally, moves stagnation and clears heat - Hepatitis, Jaundice - Lin Disorders. - Medial Knee/ankle pain
LV-5* Li Gou 蠡溝 Woodworm Canal	Luo Connecting Point Moxibustion Applicable	5 cun above tip of medial malleolus - On midline of medial surface of tibia Needling Method: - Subcutaneous 0.3-0.5 inch	- Spreads the Liver - Regulates Qi - Benefits the genitals - Clears dampness and heat from the lower jiao - Regulates menstruation - Treats plumstone Qi	- Retention of urine, enuresis, hernia, irregular menstruation, leucorrhea, pruritus vulvae, weakness and atrophy of the leg - Genital Issues, especially damp-heat related infections/discharges
LV-6* Zhong Du 中都 Central Metropolis	Xi Cleft Point Moxibustion Applicable	7 cun above tip of medial malleolus - on the midline of the medial surface of the tibia Needling Method: - Subcutaneous 0.5-0.8 inch	- Spreads Liver Qi - Regulates the lower jiao - Regulates blood - Drains damp	- Abdominal pain, hypochondriac pain, diarrhea, hernia, uterine bleeding, prolonged lochia - Acute hepatitis. - Pain along the channel, genital region or medial knee
LV-7 Xi Guan 膝關 Knee Joint	Local Point Moxibustion Applicable	- Posterior and inferior to the medial condyle of the tibia - In upper portion of the medial head of m. gastrocnemius, 1 cun posterior to SP 9 Needling Method: - Perpendicular 0.5-1.0 inch	- Dispels wind-damp - Benefits the knee - Relaxes the sinews	Pain of the knee
LV-8* Qu Quan 曲泉 Spring at the Bend	He Sea Point Water Point Moxibustion Applicable	- When knee is flexed - At the medial end of the transverse popliteal crease, - Posterior to the medial epicondyle of the tibia - In depression of anterior border of insertions of semimembranosus and semitendinosus Needling Method: - Perpendicular 0.5-0.8 inch	- Clears damp-heat from lower jiao - Benefits the genitals - Invigorates blood - Benefits the uterus - Nourishes blood and yin	- Prolapse of uterus, lower abdominal pain, retention of urine, nocturnal emission, pain in the external genitalia, pruritus vulvae, pain in the medial aspect of the knee and thigh - Tonify LV Yin and Blood, clears excess heat patterns. - Genital issues related to damp-heat - pain/swelling, retention of urine, cystitis, prostatitis, ovarian cysts. - Tonify Yin from mental, physical, emotional strain. - Medial knee pain.
LV-9 Yin Bao 陰包 Yin Bladder	Local Point Moxibustion Applicable	4 cun above the medial epicondyle of the femur, - Between m. vastus medialis and m. Sartorius Needling Method: - Perpendicular 0.5-0.7 inch	- Adjusts menstruation - Regulates the lower jiao	- Pain in the lumbosacral region - Lower abdominal pain - Enuresis, retention of urine
LV-10 Zu Wu Li 足五里 Foot Five Li	Local Point Moxibustion Applicable	3 cun directly below ST 30 - At the proximal end of the thigh - Below pubic tubercle and on lateral border of m. abductor longus Needling Method: - Perpendicular 0.5-1.0 inch	- Clears damp-heat - Benefits the lower jiao	- Lower abdominal distention and fullness - Retention of urine
LV-11 Yin Lian 陰廉 Yin Corner	Local Point Moxibustion Applicable	2 cun directly below ST 30 - At the proximal end of the thigh - Below the pubic tubercle and on the lateral border of m. abductor longus Needling Method: - Perpendicular 0.5-1.0 inch	Benefits the uterus	- Irregular menstruation, leucorrhea, lower abdominal pain, pain in the thigh and leg. - LV 9 - LV 11 area may be reactive in women with fertility problems → moxa at LV 11 may be helpful
LV-12 Ji Mai 急脈 Urgent Pulse	Local Point Moxibustion Applicable Avoid Femoral Artery	- Lateral to the pubic tubercle, lateral and inferior to ST 30 - In the inguinal groove where the pulsation of femoral artery is palpable 2.5 cun lateral to the anterior midline No Needle	- Eliminates cold from the Liver channel - Benefits the lower jiao	- Lower abdominal pain, hernia - Pain in the external genitalia.

LIVER CHANNEL OF FOOT JUE YIN

Name	Association/Precautions	Location/Needling Method	Functions & Actions	Indications/Notes
LV-13* Zhang Men 章門 Camphorwood Gate	Spleen Front Mu Point Hui Meeting of Zang Intersection Point • GB Moxibustion Applicable	- On the lateral side of the abdomen, below the free end of the eleventh rib Needling Method: - Perpendicular 0.5-0.8 inch	- Harmonizes the Liver and Spleen - Regulates middle and lower jiao - Fortifies the Spleen - Spreads the Liver and regulates Qi	- Abdominal distention, borborygmus, pain in the hypochondriac region, vomiting, diarrhea, indigestion - Assist with SP Deficient signs esp. from the LV invading the SP: pain and distention of the abdomen, vomiting, constipation, diarrhea (or alternating), bloating, undigested food in the bowels. - Hui Meeting Point of the Zang: tonify all Zang organs. - Running Piglet Disorder
LV-14* Qi Men 期門 Cycle Gate	Liver Front Mu Point Intersection Point • SP, Yin Wei Moxibustion Applicable No Deep Needle	- Directly below the nipple, in the 6th intercostal space 4 cun lateral to the anterior midline Needling Method: - Oblique 0.3-0.5 inch	- Spreads the Liver and regulates Qi - Invigorates blood and disperses masses - Harmonizes the Liver and Stomach	- Hypochondriac pain, abdominal distention, hiccup, acid regurgitation, mastitis, depression, febrile diseases - Strong effect on the middle and upper warmers: subcostal tension, chest/rib pain, LV overacting on the LU (cough, SOB). - Effects LV organ, Qi/Blood stagnation: hepatitis, gallstones. - Emotional imbalances: anger, irritability. - Running Piglet Disorder

MAJOR POINTS OF THE MEDIAL FOOT
