

HEART (FIRE) CHANNEL OF HAND SHAO YIN				
Name	Association/Precautions	Location/Needling Method	Functions & Actions	Indications/Notes
HT-1 Ji Quan 極泉 Highest Spring	Local Point Moxibustion Applicable Avoid Axillary Artery	- When upper arm abducted (raised), in center of axilla - On medial side of axillary artery Needling Method: - Perpendicular 0.5-1.0 inch	- Unbinds Chest - Activates channel - Benefits arm	- Pain in costal & cardiac regions - Scrofula (disease with glandular swelling, possibly tuberculosis) - Cold pain of elbow & arm - Dryness of throat - Frozen shoulder - Pain/distention of upper thoracic area
HT-2 Qing Ling 青靈 Cyan Spirit	Local Point Moxibustion Applicable	- When elbow flexed 3 cun proximal to HT-3 at medial end of transverse cubital crease - In groove medial to biceps brachii - On line between HT-1 & HT-3 Needling Method: - Perpendicular 0.3-0.5 inch	- Activates channel - Alleviates pain	Pain in cardiac & hypochondriac regions, shoulder & arm
HT-3 Shao Hai 少海 Lesser Sea	He Sea Point Water Point Moxibustion Applicable	- With elbow flexed - At midpoint of line connecting medial end of cubital crease and medial epicondyle of humerus Needling Method: - Perpendicular 0.5-1.0 inch	- Calms spirit - Transforms phlegm - Clears heat - Activates channel - Benefits arm	- Cardiac pain - Spasmodic pain & numbness of hand & arm, hand tremors (Parkinson's, stroke) - Pain in axilla & hypochondriac region - Good local point to move Qi & blood - Spirit disorders from phlegm or heat etiologies (epilepsy, depression, anxiety, nervousness, poor memory, fuzzy thinking) - Water point → Redness of eyes, mouth ulcerations
HT-4* Ling Dao 靈道 Spirit Pathway	Jing River Point Metal Point Moxibustion Applicable	- With palm upward, on radial side of tendon of flexor carpi ulnaris 1.5 cun above transverse crease of wrist Needling Method: - Perpendicular 0.3-0.5 inch	- Calms spirit - Benefits voice - Relaxes muscles & sinews	- Cardiac pain - Spasmodic pain of elbow & arm - Important for Sudden loss of voice - Restless Zang Disorder - Emotional disturbances
HT-5* Tong Li 通里 Connecting Li	Luo Connecting Point Moxibustion Applicable	- With palm upward, on radial side of tendon flexor carpi ulnaris 1 cun proximal to transverse wrist crease Needling Method: - Perpendicular 0.3-0.5 inch	- Calms spirit - Regulates Heart rhythm - Benefits tongue - Activates channel - Alleviates pain	- Palpitation, dizziness, blurry vision - Sore throat, Sudden loss of voice - Aphasia w/ stiffness of tongue, stuttering - Pain of wrist & elbow - Spirit disorders, anxiety w/ palpitations, arrhythmia, nervousness, depression - Excessive bleeding w/ menstruation from heat in Blood - Heat affecting SI & leading to urinary symptoms – incontinence, enuresis
HT-6* Yin Xi 陰郄 Yin Cleft	Xi Cleft Point Moxibustion Applicable	- With palm upward, on radial side of tendon flexor carpi ulnaris 0.5 cun proximal to transverse wrist crease Needling Method: - Perpendicular 0.3-0.5 inch	- Regulates Heart blood - Calms spirit - Moderates acute conditions - Clears deficiency fire - Alleviates night sweating	- Cardiac pain, Acute heart pain from Blood stasis - Acute emotional disturbances: Hysteria, mania, anxiety, shock - Night sweating, hemoptysis, epistaxis - Sudden loss of voice - Steaming Bone Disorders - Tonify Yin & Blood

HEART (FIRE) CHANNEL OF HAND SHAO YIN				
Name	Association/Precautions	Location/Needling Method	Functions & Actions	Indications/Notes
HT-7* Shen Men 神門 Spirit Gate	Yuan Source Point Shu Stream Point Earth Point Moxibustion Applicable	- At ulnar end of transverse wrist crease - In depression on radial side of tendon of flexor carpi ulnaris Needling Method: - Perpendicular 0.3-0.5 inch	- Calms spirit - Regulates & tonifies Heart	- Cardiac pain, palpitation, irregular heart beat, angina - Heart & phlegm fire: insomnia, anxiety, mania - Emotional issues, esp. related to sleep or thinking: insomnia, muddled thinking - Irritability, hysteria, amnesia, epilepsy, dementia - Pain in hypochondriac region - Feverish sensation in palm - Yellowish sclera - Tonify deficiencies of Heart Qi, Blood, Yin & Yang
HT-8 Shao Fu 少府 Lesser Mansion	Ying Spring Point Fire Point Moxibustion Applicable	- With palm upward, between 4th & 5th metacarpal bones - When a fist made, where tip of little finger rests Needling Method: - Perpendicular 0.3-0.5 inch	- Clears heat from Heart & Small Intestine - Calms spirit - Regulates Heart Qi - Activates channel - Alleviates pain	- Palpitation, chest pain - Spasmodic pain of little finger - Feverish sensation in palm - Enuresis, dysuria - Pruritus of external genitalia - Heart Fire affecting SI → UB, heat descending to lower jiao: Incontinence, fungal infections, genital itching - Sore throat, tongue stiffness, pain along ulnar aspect of arms - Heart Qi Deficiency - Emotional disorders (PC 8 might be better) - Heart Fire affecting mouth: Ulcers, canker sores, etc. (PC 7 or PC 8 may be better)
HT-9 Shao Chong 少冲 Lesser Surge	Jing Well Point Wood Point Moxibustion Applicable	- On radial side of little finger - About 0.1 cun from corner of nail Needling Method: - Perpendicular 0.1 inch, or - Prick w/ 3-edged needle to cause bleeding	- Revives consciousness - Clears heat & benefits tongue, eyes & throat - Regulates Heart Qi & calms spirit	- Palpitation, cardiac pain, chest pain & hypochondriac pain - Mania - Febrile diseases - Loss of consciousness - Jing Well Point → Clear heat, obstruction from opposite end of channel, eye pain/redness, mouth ulcerations, sores - Restore consciousness: Heart attack, stroke - Emergency heart attack point → strong stimulation - Fullness below heart: Stagnation, pain, distention in heart area
